### **Blocks 1–25**

Revised February 2026

Classroom Materials .....	1
Additional Materials for Family Child Care.....	26
Book Purchasing List.....	37
Additional Books for Family Child Care .....	60
Compact Disc Purchasing List.....	65

## BOOK AVAILABILITY

Publishers and/or their vendors occasionally stop publishing or distributing a book that is used in the ELM Curriculum as a required part of an activity or as an Optional Reading resource. ELM Academy staff and content experts work carefully to identify high-quality book alternatives that are available through a national resource, particularly Amazon or Barnes & Noble. We also thoroughly revise affected activity plans to provide guidance on how to use the alternative book(s) or other resource, such as a manipulative item. In some situations, we develop a fully new activity option that may be used as an alternative to the original plan and addresses the same learning goal.

Revised ELM activity plans continue to include a book that was originally a required part of an ELM activity when the book may be challenging to secure. Some early childhood centers may have the book and/or a publisher or vendor may decide to make the book available again. A book that was originally suggested as an optional resource is not continued in the Optional Reading list of a revised activity plan unless the book is explicitly mentioned in a Scaffolding Tip, Interest Area, or Family Child Care activity. Alternative books are offered in a revised Optional Reading list when a book in the original list may be challenging to secure. All books that may be challenging to secure, both required and optional, continue to be listed in the revised Materials List; they are cited with a notation that indicates the book may be challenging to secure.

A revised activity plan includes an UPDATE explanation at the beginning of the plan for a required book that may be challenging to secure. A revised Optional Reading list includes a “Revised” notation and date at the bottom of the list. Revised activity plans are announced in the UPDATES section of the website that hosts the ELM Curriculum and are made available on the website as soon as possible. The affected Materials List is also revised and uploaded to the website.

# Classroom Materials

**Birth–12 Months**

## **BLOCK 1**

### **CLASSROOM ITEMS**

#### **Cognitive**

Mobile or hanging shapes (Option 1)

Melissa & Doug® Fishbowl Fill and Spill (Options 2, 3)
